

Registration Bulletin

by Kenda Ponder
Registration Department Manager

Sire Summary Deadlines

In order to guarantee inclusion in the 2007 Sire Summary, all work must be submitted by:

- Paper - must be postmarked by November 1, 2006
- Electronic - must be received by November 8, 2006

If you submit your information by these dates, we guarantee that your records will be entered so that they will be included in the National Cattle Evaluation. However, if you are not ready to wean by the deadline then you can either choose to send just the birth information and submit weaning updates at a later date, or you could wait to submit the information when you do wean the calves.

Inactivation Report

Missing Fall 2005 calving Records - October 27th

If we have not received information on those females that were listed on your No Progeny Report in August, they will be inactivated on October 27th. We will mail out a listing of the females inactivated and ask that you submit the information to fulfill THR

requirements without penalty.

Fall 2006 Heifer Exposure Inventory

Will be mailed out November 20th. Please complete and return with the following information to the National Office:

Breeding Season start and end dates
Indicate whether the female was exposed or not to breeding
Management group code
Disposal Code if not retained in the herd

Pre-listed weaning worksheets for Spring 2006 calf crop

Worksheets were mailed out the first week in August along with the July statement. These worksheets have been pre-printed to help members submit information.

Note: Calves that are less than 160 days or greater than 250 days of age at weaning will be grouped separately into one of the following groups:
Less than 90 days-Cannot enter
90-129 days-Excluded from NCE, will receive adjusted weights and ratios
130-159 days-Included for NCE

251-280 days-Included for NCE
281-310 days-Excluded from NCE, will receive adjusted weights and ratios
Greater than 310-Irregular

REDS

For those of you have received your pre-Listed weaning worksheets via paper, we remind you that you may submit this information via online. Please go to www.redangus.org under Quick Links, Member Reds, enter your member number and password, next go to RRTS and choose the appropriate year and calving season. Please be sure to check your information before submitting it to the RAAA office using the Proof Reading Report, this report will help to eliminate missing data necessary to complete your records. If you do not have a password or you have any questions, please contact anyone in the Registration Department.

Reminder:

Calves on hold for Non-Owner Bull Permits (AI certificates) ** Reg Status = H

Animals on hold are not eligible for transfer, registration certificates, or performance pedigrees. Animals on hold are not eligible to record progeny. Animals on hold will receive adjusted weights, ratios, and EPDs. ■
