

The calving book designed by ranchers for ranchers!

We listened ...

... to our members and commercial producers when they asked for a calving book that met the demands of calving season, plus contained all the information they needed at their finger tips to genetic, age and source verify their calf crop.

The Red Angus Association of America is again producing the official Red Angus Calving Book that will be available to producers by mid December.

The book is a weather-proof, "Rite In The Rain" product that features a waterproof cover and All-Weather Writing paper created to shed water and enhance the written image. The book includes the management pages producers use like bull inventory and soundness, vaccination, treatment, herd health, breeding and pregnancy.

The books will be distributed to FCCP and Allied Access tag customers, at trade shows or to any producer requesting one. The pages will be customized for Red Angus data and ranchers can record over 500 calves per book.

Promote with a customized book:

Red Angus affiliates or RAAA members can customize their own calving book cover for their promotional needs. Just send your logo and wording to reflect your association or ranch name. We will design your cover and e-mail you a proof. The inside pages and company ads will be the same in each book.

A minimal order of 200 customized calving books costs \$100 for the cover set-up fee, plus \$4/book printing costs. (If you ordered a custom cover last year, and there are no changes, the set-up fee will be waived.) Shipping will be at the lowest-cost provider. Larger quantities are available in increments of 50 books.

The deadline to reserve your custom-cover Red Angus Calving Books and submit your half payment is August 31. The remaining balance can be billed to your account. The books are not date sensitive so they have a longer shelf life.
