

# Hit us with your best shot ... of Red Angus!

The Red Angus Foundation Inc. (RAFI) is producing a coffee table photo album featuring Red Angus across the nation. The book will feature photographs from Red Angus stakeholders and staff and will be available at the 2012 Red Angus National Convention in Reno in November.

So get clicking on new photos and dig through your photo archives for Red Angus pictures that depict the beauty and diversity of the seasons and events on your operation. Feel free to send in as many photos as you'd like for consideration in the RAFI photo book including different shots or angles of an event.
