- 30 plus - Big round bales net wrapped alfalfa mix hay

AUCTIONEER'S NOTE: Fred was a good man. He was a big supporter of the 4-H program, and cattle were his passion. Fred looked at “EPD's” first, then he used the “eye test” to determine if the cattle would fit in his herd. These cattle will work in a registered or commercial operation, and this will be your opportunity to profit from all the hard work Fred put in his herd over the years. We don't have a lot of machinery, but what we have is good. The baler is a very good machine... See you at the sale Saturday, September 21st!
