The very first and very best Red Angus cow we have ever owned was BJR Windsong 2269 – until we got daughters and granddaughters of her. I could write a few pages about her progeny – we finally sold her a few years ago for \$14,000 to Mark Moxley at Majestic Meadows where she has continued to produce outstanding progeny and embryos and is still making money. Look her up on Majestic's website! We have three of these Mulberry flush sisters and no one can say which one is the best – this one may well be. We have not flushed this one but were planning to flush her this spring. One of her flush sisters was Grand Champion Bred and Owned Female and Reserve Senior Champion in the Owned Division at the NAJRA show in Hutchinson, Kansas last June while the other one was Reserve Senior Champion Bred and Owned. The production from these Mulberry sisters has also been phenomenal – our best two two-year-olds are daughters of these cows and they both have outstanding calves on the ground, one has a son of Power Eye that is an eye-popper and will be turning a lot of heads nationally when we start showing him this summer and we have a set of Power Eye embryo calves on the ground that may have future breed leading bulls and females among them. And there is more – look at her balanced EPDs – a spread of .1 to 112 with positive carcass numbers of MB .37 and RE of .21. **0269 sells open and ready to flush with a really stout bull calf at side born February 2 by a double bred Norseman King son of our previous herd sire Feddes Norse Fire 7149 ("Jake") sired by 5L Direct Fire.**

This is the other Windsong sister - this one by the popular Norseman King. This cow is awesome – there is no other word to describe her. Feminine, kind and powerful. If you want a cow in your pasture that visitors will look at and you can be proud to call yours – Joy is that cow. A maternal sisters by Mulberry was Grand Champion Bred and Owned Female and Reserve Senior Champion in the Owned Division at the NAJRA show in Hutchinson, Kansas last June while another was Reserve Senior Champion Bred and Owned. This five-year-old is in her prime with a great udder, feet and legs. Her EPDs are fantastic with a spread of .2 to 93, a Marbling EPD of +.42 and a Ribeye EPD of .58 (top 2%). We sold her last year's heifer calf as a show heifer. Her Fall 2012 heifer calf will be on display with her on sale day but will not sell – we are keeping her. **Bred to HSCC College Fund – our great new herd sire (#1420698) from 12/5/12 to 2/16/13. "Fox" is a dark red meat wagon performance sire whose grandsire is Red Six Mile Terminator.**
