

**In good times
AND bad,
make sure you have**

the TOOLS for the JOB!

Can your herd prosper in the tough times?

*If you buy seedstock from us, it can. Why? Because our herd is selected under **true range conditions** where they're expected to perform with what they can forage, calve on range unassisted and raise a calf that meets our tough standards **every year with no exceptions!***

*Heart-of-the-Herd
Bred Commercial Heifers Sell!*

*From our 2012 sale:
KCC Pinnacle 949-109
Range-raised bulls like him sell!*

We raise bulls with the same high expectations.

*They undergo a 100 day test designed for 3 lb. ADG but prior to and afterwards, they're on **rocky, hilly range**. Bulls raised in pens aren't ready to work and that can cost you plenty.*

*An eye on the bottom line is why our customers become **repeat customers**.*

They know our bulls & females have the tools to get the job done!

This sale will be broadcast live on the internet.
