

# The Pursuit of Perfection, Frozen

Too much success in the IVF program has led to the opportunity to sell a few very select fall heifer calf matings, as well as direct transfer sexed heifer eggs, conventional embryos and rare semen.

**LCOC Firefly UA001, #1276215**

*Firefly is just a pure beef cow producer – she doesn't miss. Her heifer calves have consistently sold in the \$10,000 to \$15,000 range and here is an opportunity to get in on the ground floor.*

**Whitestone Blockanna X312, #1296589**

*We have not offered much in this female previously, a KILE Grand Champion. She is a direct daughter of Feddes Blockana 807 and she promises to be one of our great up-and-coming young donors.*

**Lazy MC Trooper 21Y, #1451721**

*Rarely do we branch out of our program to find A.I. sires. When Trooper was tied across from us as a calf in Denver, I knew sooner or later we would get the opportunity to use him. That opportunity came last fall. He was crowned National Champion Bull in Ft. Worth and we expect great things to come.*
