Lot 10 – 3K Jiba Expectation B455 #1692107

B455 is in the top 7% of the breed for marbling, 2% for milk and 23% GridMaster. She is long bodied, sound on her feet and moderate framed. A good addition to any herd or a good beginning for a herd.

If you have been looking for an Epic-sired female, your hunt is over. This sweet young female has a stacked pedigree that puts her in the forefront. Not only sired by Epic, her dam is from the legendary Abigrace cow family and is a donor at 3K. B447 is a maternal sister to 3K's senior herd sire, Brown3K Stakeholder X7870. Abigrace has a long body, fluid movement and is thick. She has five traits in the top 4% of the breed. Her flushmate siblings have been well received in the 3K and Friends Auction and the RA Brown Bull Sale. Abigrace B447 will enhance any breeding program.
