BLOODLINES BRED FOR ... functionality, longevity and growth with credentials and experience to back it up!

Our reputation depends on how our cattle perform. Customer satisfaction is No. 1 with us – we know our customers and our customers know us. Our family has been raising Red Angus since 1961. We strive to produce stout, long-made, heavy-muscled cattle while maintaining efficient, productive females with sound feet and udders. Our herd is strictly culled for these valuable traits.
