

The longest running Red Angus Production Sale in the Northern Plains....

Bieber Fever IX!

Our lead bull, **Bieber Deep End B597** (Reg# 1694338), reads as good across the board as a bull can get. Deep End's dam is the dam of Hard Drive Y120, who sired around 180 of the calves we have weaned this fall. Bieber Deep End B597 sells leased to Genex and the buyer will have possession after an inventory of semen is collected, and also receive 50% of semen sales. This bull brings together two top sire lines, not to mention two of our very top cow-lines.
