

Decisions, Decisions ... whatever you decide, we don't think you can go wrong!

Lot 10, Majestic Truffles B207 (DOB: 10/17/14)
Wow! Sired by Firewater, the most dominating bull in recent times. This buckskin beauty will shock you with her shape and impress you with her style, and, most importantly, will be phenomenal as a bred heifer. 50/50 makes her eligible at NAJRAE and Charolais Junior Nationals. This one would be really fun to own!!! As we love her, and believe you will too, we will be retaining 1/2 embryo interest.

Lot 2, Majestic Peek A Boo B133 (DOB: 9/16/14)
I had full intentions of hiding this one – ask Jeremy and Erin. But sometimes a picture says a thousand words, and in this picture, this female speaks volumes to the quality in this mating of Cowboy Cut and Peeks 009x. As we could not hide her, we will be retaining 1/2 embryo interest in this rare and valuable female.

Lot 7, Majestic Peek A Boo B51 (DOBL 10/30/14)
From a flush mate to Majestic Peek A Boo X19, the X24 daughters appear to be poised to make a major impact. You can never have too many Peek A Boos and here is why. The extension of neck and height at which it comes out of the top of the shoulder is beyond compare, other than maybe the Saugahatchee x Georgina neck set in the black deal. B51 has a triple dose of this, Peek A Boo, 9088 and Chateau. Getting into a younger division, this heifer has the ability to be as good as anything in this offering. Green as a gourd, weaned early, but a very good show and donor cow prospect.

Lot 14, Majestic Peek A Boo B127 (DOB: 9/9/14)
A full sister to Emma Kate Foster's many-times champion, Majestic Peek A Boo A120. Cowboy Cut has done a masterful job of putting rib shape into our heifer calves. These two Peek A Boos are demonstrative of this shape and structure. Stunners in the field, deep, dark, big topped, sound and hairy (though sheared now)! These full sibs are available in the entirety, as we retained half embryo interest in Emma's many-time champion, Majestic Peek A Boo A120.

Lot 5, Majestic Girlie Girl B203 (DOB: 9/16/14)
With the passing of their dam, TCB Luanna 08S, and through the progress of IVF, Lots 5 and 6 will likely be the last two direct daughters to sell at Majestic Meadows. When we saw Trooper in Denver as a calf we knew we had to use him, and these daughters are stunning. Dark cherry red, dark footed, cool legged, smooth jointed and smooth shouldered with gentle dispositions. Trooper is a bull that does everything as well as any bull since Lightning. Luanna 08S, a 4L Supervision daughter, and Denver Reserve Grand Female provided the shape and scale, and we think you'll love this set a full sibs. They are selling in their entirety.

Lot 1, Majestic Lana B131 (DOB: 9/13/14)
Full sister to the Denver Grand Champion Female, Kiefers Lulu Y55. A cow family so rich in history that just a footnote can't begin to tell the story. Leachman Lana, Whitestone Lana 4110, Whitestone Lana V150, Trowbridge Lana P707 and Majestic Lana B119, the high-selling female in our fall sale to Heavican Genetics of Rogers, Neb. B131 does nothing to disappoint and has been a favorite since birth – long spined, huge hip, deep bodied, glides like a cat and perhaps the prettiest fronted of this mating to date. She has a wonderful disposition and will be a sure-fire standout in any show barn or your junior's heart. Take her home and make her a champion. Majestic Meadows will be retaining 1/2 embryo interest only in this spectacular female.
