Bieber Adelle 311Y comes from the famed cowline that produced Bieber Makin Hay 9913 (Accelerated Genetics), Bieber Rough Rider 10712, Bieber Outrider W388(Select Sires) and Bieber FAF Rollin Deep B627(Green Mountain Red Angus). No cowline in the Red Angus breed has had the kind of impact Adelle has had on the breed. Adelle 311Y is a maternal sister to all of these bulls. The opportunity to Flush a leading donor doesn't happen often and this flush is the epitome of Bieber's program. 311Y 2014 daughter, Bieber Adelle 184B (Picture Attached) was shown and sold in Denver 2015. Watch for the result by Black Hills Stock Show time as this is likely to be one of the more talked about happenings in Denver.
