

Bieber Fever XII!

BIEBER SPARTACUS A193 1617230

Spartacus was a crowd favorite in our 2014 spring production sale selling to Accelerated Genetics and Jeffries Land and Cattle. He is a great disposition bull stacked for profit, powerfully made, and very stout boned. Spartacus was heavily used in our program in 2015 and we have weaned over 180 calves. We just had a handful of progeny last spring and his son Bieber Gladiator B386 sold to VF Red Angus, OR for \$65K. We predicted that Spartacus was going to get on everyone's radar this spring as his data is outstanding. Spartacus is a very complete bull that leaves a breeding program in a very good position going forward.

LOT 7 3536985

SPARTACUS X MISSION STATEMENT Our goal has always been to produce more bulls from less steers. It is not easy to do as one always can find many great steers in the Red Angus breed. We really feel that adds to our consistency and we know industry wide it promotes consistency. Lot 7 will provide profitable traits necessary to the commercial outfitman.
