

Sons & Daughters of

Brown PHENOMENAL

are proving to be just what the industry ordered!

Lot 121 Reg# 3527623

Phenomenal son - FANTASTIC

Phenomenal 2 yr old in her working clothes.

PHENOMENAL son leads off our March 8th sale and is one of the best if not THE BEST BULL we've ever sold, no wonder he earned his name "FANTASTIC".

- Fantastic feed efficiency data tested on GrowSafe
- Fantastic set of numbers, 8 economically relevant EPDs & indices rank him in the top 1% of the breed
- Fantastic earning potential through semen and progeny sales. He has already frozen high quality semen.
- Fantastic pedigree is loaded with highly-proven predictability including outstanding outcross Angus genetics from Blue Moon, plus the dams of Covenant and Heritage at Select Sires His dam also raised Brown Oracle, who has been the #1 \$Profit Red Angus bull, owned with the Leachman team.
- Fantastic eye appeal. PHENOMENAL wet two year olds are catching everyones eye. Beautiful teat and udder quality. We are offering two more fall calving daughters in the sale including a full sister to the one pictured (Phenomenal x AbiGrace). Interesting that that the top selling bred heifer in last falls sale at \$15,500 was a Phenomenal daughter.
